

## SUGGESTED CLAIM VENDORS

Many of our insurance carrier partners offer 365/24/7 claims services through their website or toll free reporting. In those emergency situations where immediate action is necessary to protect and/or mitigate further damage to your property before you can make contact with your insurance carrier or The Crichton Group, the following vendors may be able to help. However, the use of any vendor shown does not mean a claim has been filed on your behalf with your insurance company or serve as notice to The Crichton Group of a possible claim. It is your responsibility to contact The Crichton Group's claims division or file your claim directly with your insurance carrier within 48 hours of the loss occurrence.
